	<i>Wesley Shannon</i>	
<i>SOLACE Policy Officer</i>	<i>Christine Horner</i>	

1. APOLOGIES

- 1.1** As above.
Nick Harkness Sport NI welcomed Solace to the Outdoor Centre and recommended that they take the opportunity to view all of the facilities that the centre provides.
The Chair thanked Sport NI for the use of the building for the Solace meeting.

2. DOE UPDATE

- 2.1** Ian Maye and Wesley Shannon DOE gave an update on the current financial position and expected future reduction in funding. Additional cuts of 20-25% are expected but it will be October / early November before these are confirmed. It is also expected that some areas of the Executive's budget will be ring fenced, for example, health. However, the Executive wants to retain a pool of money for the Programme for Government and to deal with the delivery of new areas of work.

DOE have already cut back on programmes, the general grant and staff within the Department, however there may be further cuts in year. The Department Of Environment is restructuring therefore there further changes can be expected.

Budget

The General Grant incorporating derating may be an issue for councils in the future; there will be public consultation on reduced spending. Members noted that councils will be against further cuts but asked if anyone is considering ways of increasing income, for example LPS recovery of rates.

Rates

It was confirmed that DOE is working with LPS to encourage better delivery of service. The NI Executive have established a sub-group to consider fees and charges, and Land ownership, it is anticipated that a consultation paper will issue from DOE next month. It was agreed that Trevor Polley will address the LPS issue at the next meeting with them.

DOE Budget Programme

The future of NDPB's and Agencies is being reviewed, whether the functions need to be delivered by them or if there is another delivery mechanism i.e. through local government.

After the Assembly elections RPA / Transfer of Functions may come back differently as the institutional landscape will change.

General Grant

Members sought confirmation of the general grant before the rates are struck. It was confirmed that the savings delivery plan response will inform these figures and confirmation is more likely to be later than normal, perhaps January 2011, but not earlier.

Staff Release Funding

Members sought clarification of the availability of staff release funding, the response was that this is not possible as the department is also having difficulty, however, there are ongoing discussions with DFP on the provision of loans to facilitate redundancy.

Statistical Returns

Members commented on the pressures to deliver more services at a time when Councils are looking at a reduction in the services through what they must deliver and what they would like to deliver. The reports and statistics that are requested by DOE are cumbersome and may need reviewed to analyse their usefulness.

Members agreed that the rate of EU regulation has reduced and the EU are now more concerned about delivery of outputs with more focus on policy.

Transition Arrangements

In answer to a question on transition arrangements and increases on regional rates, DOE confirmed that there will be increases in the regional rate but a better indication should be available in

November/ December. On the Transition arrangements it was stated that the Minister is unwilling to withdraw funding and while he does want to set the agenda he is awaiting decisions from Executive Colleagues on the reform agenda. If there is no appetite to take the reforms forward the Minister will fall back on what Solace and Nilga are doing. The Minister will retain Transition Committees if there is evidence of a significant role for them, otherwise he will cease funding them.

It was confirmed that a joint consultation document from Solace /Nilga on the Governance arrangements for the Improvement Collaboration and Efficiency programme is currently with councils. DOE stated that local government should not rely on the continuation of all funding currently being paid.

It was agreed that DOE and the Branch should meet again at the November meeting. The Chairman thanked Ian Maye and Wesley Shannon for attending the meeting.

CH to note invitation for November Branch Meeting

3. Presentations / Discussions

3.1 Local Government Auditor

The Chairman welcomed John Buchanan Local Government Auditor. The auditor referred to the Improving Public sector Efficiency- Good Practice document. He confirmed that they have been looking at the role of the Auditor. While the Value for Money requirement which is built into local government legislation is good, the auditor is aware that the audit culture needs to change. John Buchanan confirmed that over the next few months he is keen to work with the sector on small studies or reports that are required to take the ICE work forward.

The Chair confirmed that Danny McSorley is co-ordinating the reform, it was agreed that it would be valuable to appraise the Auditor of the work to date and the change in culture from regulatory to development and flexibility. Danny agreed to discuss the general direction of travel with John Buchanan.

3.2 Childrens Services Planner Anne Godfrey and Fionnuala McAndrew &

3.3 Brenda Stevenson OFMDFM Play and Leisure Policy, Jacqueline McLaughlin CEO and Alan Herron Director Playboard.

Both gave a short overview of the work in which they are involved and the integration of services.

3.3.1 The Branch nominated 4 Chief Executives to the Children and Young Peoples Strategic Partnership. Liam Hannaway, Ashley

CH to work with Anne to co-ordinate responses

Boreland, Geraldine McGahey, and Anne Donaghy.

3.4 Emergency Planning Grant

Anne Donaghy advised that LGEM are currently having discussions with the Department on why Belfast does not have to match fund the £50K that they receive, but the other £276K has to be match funded.

5. CHAIRMAN'S BUSINESS

5.1 VAT on Leisure Services

An apology was received from JJ Tohill, as he is unable to attend the meeting. However Ciaran Quigley set out the current position regarding advice received from Counsel on the VAT on Leisure Services issue. Ciaran noted that there are still some concerns and asked if Chief Executives are content to delegate the issue to the finance officers who are meeting again next week. It was agreed that the Chief Executives support the broad thrust of taking this forward if there is funding to be recovered. Members agreed unanimously that the Finance Officers should prepare a business case on this issue which will be brought to the Solace Executive Committee to agree.

group of Chief Executives work together with some finance officers to work up a paper on this subject. It was noted that the Treasury announcements in October will probably not be palatable, it will be useful to establish the scale of what is likely to come and where it will focus and establish options for a way forward.

The group that came forward were Nora Winder, David McCammick, Valerie Watts, and Brendan Heggarty. It was agreed that Christine will co-ordinate the first meeting and David McCammick will host it in Antrim.

Elections Meeting 10 August

- 5.3** John Dempsey gave a short summary that there are major changes proposed for NI Elections and the Electoral Office will provide two days training for CEX's and staff and it is advisable that all attend. Several issues still remain on how to minimise work on the and reconcile votes for the three elections on the one day. Discussion on the issues ensued and it was noted that there will be a further meeting of the group in one month when it is anticipated that these issues will be clarified.

5.4 Letter from Bumper Graham seeking meeting

A meeting has been arranged with Bumper Graham to discuss issues relating to the ICE programme. The date is 15th September at 11.00am. in Antrim Civic Centre. The chairman asked colleagues if anyone was available to attend the meeting. Roger Wilson will attend the meeting. Nora Winder also agreed to meet with Bumper Graham, Nora will circulate the letter that NILGA sent to Bumper to all Solace members.

6. PRIORITY ISSUES

6.1

Regional Governance Group

The consultation document on Governance has issued to councils with three options to consider. Members commented on the short timescale for Councils to respond, however it was acknowledged that it is sufficient at this stage to have a general indication of councils agreement and choice before the consultation deadline this can then be ratified at a later date. On the question of whether there was a Solace View of the preferred option, it was noted that Solace and Nilga facilitated the options, which were reduced to three options by the Nilga Executive for consultation. The Chairman confirmed that Solace believes that option 2 works better but it is up to the politicians to take a view. Nora Winder stated that option 2 was the preferred cross party option.

6.2 Improvement Collaboration and Efficiency

Danny McSorley gave a brief update on the work of his group and the strands that are moving forward with the work. He asked that recognition of the enthusiasm and positive response be recognised by the Branch. The high level issues are being dealt with to meet the November deadline and it is starting to shape the business case. This will be an evolutionary model with progressive change over a short time possible.

6.2.1 Geraldine McGahey gave a brief outline of the work of the Communications group and distributed the proposed first communication for comment. She stated that the group were keen to reflect the Q&A's that had been received, it is proposed that the printed material for circulation should be kept short and easily understood with a maximum of two sides of an A4 page. Any comments should be with Tara or Geraldine by 6th September.

6.2.2 Liam Flanigan gave a short update on the procurement group, he expressed thanks for the 24 responses to requests for information and will continue with a piece of work on the mechanisms, this will be by structured interview with key people by the change managers.

6.3 Transfer of Functions

This area is being led by Peter McNaney, the position paper will be issued shortly.

6.4 Letter from Solace Enterprises

Members discussed the letter from Solace Enterprises with enclosure of a proposal for the branch to consider on funding. It was agreed that while the branch recognise the programme of support by Solace Enterprises can be of assistance to the branch this will be better utilised when further detail of the ICE programme is developed. It was proposed that the branch seek advice from Solace Enterprises to finalise the business case and seek central government support for that.
